Welcome Message

Welcome to our prospectus for 2021/22. National Learning Network's (NLN) Roslyn College first opened its doors in Sandymount in 1984. Since that time we have supported thousands of students to gain qualifications, progress to further education and launch their careers. From September 2021, Roslyn College will move from Sandymount to two new locations - a city centre campus on Cathal Brugha Street, Dublin 1 and our Park House campus in Stillorgan, County Dublin.

John Purcell
Head of College | Roslyn College

For students, Roslyn College provides the space, time and structure for the creation of a tailored, personalised plan which will support each and every person to transition to the next step on their journey. As a team, we are confident that we will bring the unique spirit that is Roslyn College to our new locations and recreate the inclusive, warm and friendly environment that has been our hallmark for more than 30 years.

NLN empowers people to undertake positive learning pathways through training, further education, higher education and onto work. If you are interested in exploring one of our courses, please contact us today and meet the people who make the difference.

Artlink

CERTIFICATION:

QQI Level 5 Major Award in Art, Craft & Design (5M1984)

COURSE OVERVIEW

Duration:

Two years.
For students with artistic talent, who want to develop their skills further and/or are considering going to Art College, Artlink could be the course for you.

The course excels at portfolio preparation for college application and will aid students in the development of a visual creative process unique to them. The improvement in skills will help prepare students for employment in the visual arts. Students will explore working with different materials and learn to express themselves creatively. The research and problem solving skills learned on the course can be brought into any walk of life and they will help students to build their confidence and motivation.

CORE MODULES:

- Communications
- Combined Materials
- Work Experience
- Appreciation of Art, Craft & Design
- Design Skills
- Drawing
- Painting
- Sculpture

PROGRESSION PATHS FROM ARTLINK

FURTHER EDUCATION:

BCFE: HDip in Fine Arts, LCFE Art & Craft professional practice – L6

LCFE: Art & Craft professional Practice

HIGHER EDUCATION:

TU Dublin: BA in Fine Arts

NCAD: Degree in Fine Arts, Art & Design

IADT: Hons BA in Art

WIT: BA in Fine Arts

I create a safe space for the students. I meet them where they are at and over time they grow in confidence as they assume the identity of art college students and take ownership of the space that has been kept for them".

Paula Metcalfe | Artlink Instructor
Roslyn College, Cathal Brugha Street Campus

Business Administration

CERTIFICATION:

QQI Level 5 Office Administration (5M1997) and QQI Level 4 Office Skills (4M2070)

COURSE OVERVIEW

Duration:

Two years.
This flexible course will equip the student with a wide range of Business, Computer and Digital Skills, which are much sought after in the modern workplace. Students will get the opportunity to use applications from Microsoft Office™ suite, Internet, Social Media platforms, Marketing, Email and payroll software such as SAGE™. These additional Digital skills will greatly enhance the students' job prospects or progression on to further education.

The programme also benefits from regular guest speaker visits, which come from a wide range of well-known companies and organisations. Students get to work at their own pace and will get the opportunity of a work placement. No prior knowledge of the modules is required and a wide variety of student supports are available.

CORE MODULES LEVEL 4:

- Communications
- Business English
- General Office Skills
- Work Experience
- Business Calculations
- Reception Skills
- Word Processing
- Spreadsheet Methods
- Database Methods
- Customer Service

CORE MODULES LEVEL 5:

- Business Administration
- Work Experience
- Database Methods
- Reception and Front Office Skills
- Information and Administration
- Spreadsheet Methods
- Text Production
- Payroll Manual and Computerised
- Word Processing
- Customer Service
- Communications

Commis Chef apprenticeship through **CDETB & Colaiste Ide**

College Foundation

CERTIFICATION:

QQI Level 4 General Learning (4M2010)

COURSE OVERVIEW

Duration: 18 months.

College Foundation allows students to consider all their educational options. It is a gateway to college life which enables students to pursue their interests and develop their abilities. On completion of College Foundation students have the opportunity to progress on to level 4 and level 5 specific skills courses, within the college, Further Education or the workplace. The course allows you to work in small groups with individual attention, you work to your own plan and activities include;

- Thinking about possible careers
- Getting ready for training, further education or the workplace
- Self-Advocacy and Citizenship
- Staying Well
- Field trips and projects
- Part time work experience
- Sampling other courses within the college
- Exploring other further options and job opportunities

CORE MODULES:

- Communications
- Information Technology Skills
- Functional Mathematics
- Health Related Fitness
- Work Experience
- Food and Nutrition
- Painting
- Personal Effectiveness
- Computer Applications
- Business English
- Customer Service
- Drawing
- Graphic Design
- Workplace Safety

PROGRESSION PATHS FROM COLLEGE FOUNDATION

FURTHER EDUCATION:

Roslyn College L4 and 5 SST courses, and CDETB L5 & L6 courses.

HIGHER EDUCATION: Trinity College and TU Dublin, Access programmes.

College Start

CERTIFICATION:

**QQI Level 3 Employability Skills (3M0935),
QQI Level 4 Employment Skills (4M0857)**

COURSE OVERVIEW

Duration: 18 months.

The benefit of this training course is that it is designed for students who would like the opportunity to make a new beginning, build their confidence and explore career opportunities. It provides students with an environment to achieve greater levels of personal development, to develop IT and business skills and to explore employment or further education opportunities. Students will be supported in progressing to Level 4 and 5 courses locally or to further education or training of choice. Students will have the opportunity to complete the following modules at level 3 or 4.

CORE MODULES - Level 3:

- Career Preparation
- Functional Maths
- Personal Effectiveness
- Work Experience
- Communications
- Internet Skills
- Health & Safety Awareness
- Word Processing

CORE MODULES - Level 4:

- Communications
- Career Preparation
- Functional Maths
- Workplace Safety
- Customer Service
- Personal Effectiveness
- Team Working
- Work Experience

PROGRESSION PATHS FROM COLLEGE START

FURTHER EDUCATION:

Roslyn College L4 and 5 SST courses, CDETB L5 & L6 courses.

HIGHER EDUCATION: Trinity College and TU Dublin, Access programmes.

Computer Programming & Game Design

CERTIFICATION:

QQI Level 5 Software Development (5M0529)

COURSE OVERVIEW

Duration: Two years.

This course blends the creative and technical aspects of game design with software development and coding. Students will learn how to design, develop and maintain software, and create 2D & 3D graphics for use in the development of their own games using industry standard software like Blender and Unity. This flexible course can be tailored to suit a variety of programming and other IT interests. This course is designed for beginners looking for a career in software or games development, and offers progression options to Universities and Institutes of Technology.

CORE MODULES:

- Fundamentals of Object Orientated Programming
- Software Architecture
- Database Methods
- Web Authoring
- Programming & Design Principles
- Maths for Information Technology
- Games Analysis & Design
- Operating Systems
- Communications
- Work Experience

PROGRESSION PATHS FROM COMPUTER PROGRAMMING & GAME DESIGN

FURTHER EDUCATION:

BIFE: 3D Games Design L5 **BCFE:** Computer Games and Interactive Entertainment Development, BA visual media in animation, HND in Advanced Games Production & Design

Rathmines College: QQI Level 6 Software Development

IADT: BSc in Creative Computing

HIGHER EDUCATION: **Griffith College:** Computer Games Technology.
TU Dublin : BSc in Computer Science, BA in Game Design.

Computer Systems & Networking

CERTIFICATION:

QQI Level 5 Computer Systems and Networks (5M0536)

COURSE OVERVIEW

Duration: Two years.

What will I do?

This is a practical based IT course. It is designed to give participants a working knowledge of computer systems and a proficiency in office productivity tools. In addition participants will acquire the skills necessary to implement and support PC systems and networks. From building networks and PCs to spreadsheets and databases, front and back office skills are developed to give participants a broad platform to progress their career.

What will I be able to do when I graduate?

Graduates can use the knowledge and skills learned to assist a business run efficiently as this is an essential element in every organisation. They can also work in technical support, responding to customer technical support queries, financial institutions, call centres, and government departments. QQI graduates are eligible to apply to institutes of technology and universities for follow-on courses in their preferred field of study

CORE MODULES:

- Computer Systems Hardware
- Maths for Information Technology
- Operating Systems
- Communications
- Network Essentials
- Virtualisation Support
- Programming & Design Principles
- Work Experience

PROGRESSION PATHS FROM **COMPUTER SYSTEMS & NETWORKS**

FURTHER EDUCATION:

BFIE: Cisco certified Network Associate & Cisco Network Security.

HIGHER EDUCATION:

TU Dublin: Access Foundation programme or Computer Science.

NCI: Higher Cert Science in Business Computing.

APPRENTICESHIPS:

ICT: Apprenticeship through FIT.

TU Dublin: Telecommunications and Data Network technician Apprenticeship.

Creative Media & Game Design

CERTIFICATION:

QQI Level 5 Creative Media (5M5048)

COURSE OVERVIEW

Duration: Two years.

This exciting new programme focuses on creative design encompassing Graphics, Web and game design. It is suited to enthusiasts who would like to pursue a career in the design industry. The course focuses on all the aspects of design and idea development for the production of graphics for print, web and games.

CORE MODULES:

- Games Analysis Design
- Computer Illustrated Graphics
- Design Skills
- Multimedia Authoring
- Communications
- Work Experience
- Image Processing
- Web Authoring

PROGRESSION PATHS FROM **CATERING**

FURTHER EDUCATION:

BCFE: HDip in Multimedia and web design, Interactive digital media production. Higher National Diploma in Multimedia & Web design, Computer Games and Interactive Entertainment Development, Interactive Digital Media Production (DMP) (DLO).

Colaiste Dhulaigh

DFEI – Creative Digital Media Production.

HIGHER EDUCATION: **TU:** Blanchardstown – Creative Digital Media.

TU Tallaght: Creative Digital Media.

Performing Arts

CERTIFICATION:

QQI Level 5 Performing Arts (5M5151)

COURSE OVERVIEW

Duration: Two years.

This is the course for people who have an interest in performance, whether in acting or working backstage. This course is structured to allow students to obtain acting techniques, professional skills and develop the academic background necessary for further studies or work in theatre, television or film. Students will be introduced to professionals and see them at work. Going to cultural events and performances and visits by guest lecturers are all part of the course.

CORE MODULES:

- Theatre Performance Skills
- Media Analysis
- Theatre Studies
- Communications
- TV & Film Acting
- Acting Skills & Techniques
- Event Production
- Work Experience

PROGRESSION PATHS FROM PERFORMING ARTS

FURTHER EDUCATION:

BCFE: HDip in Television Ops & Production. Hons BA in Television Operations & Production.

Col. Dhulaigh: HDip & BA In Performance Arts, Theatre Performance.

Inchicore College of FE: BTEC HDip in Performing Arts.

Liberties College: Advanced Actor Training L6.

HIGHER EDUCATION:

Trinity College, TU Dublin & Dundalk Institute of Technology: Access programmes.

OTHER: Graduates can find employment in many areas of theatre and film industries and community based projects.

Sports & Recreation Studies

CERTIFICATION:

**QQI Level 4 Sports and Recreation (4M4966),
QQI Level 5 Sports Recreation and Exercise (5M5146)**

COURSE OVERVIEW

Duration: Two years.

Provides students with the skills, knowledge & attitudes to gain employment in the sports and leisure industry. The course includes practical training skills in the colleges' sports facility and work experience opportunities in gyms & leisure or community centres. Students work through modules at their own pace. Assessment is continuous; through assignments and projects.

CORE MODULES - Level 4:

- Communications
- Work Experience
- Workplace Safety

Computer Aided Design & 3D Printing

CERTIFICATION:

QQI Level 5 Computer Aided Design (5M1940)

COURSE OVERVIEW

If you have ever thought of designing or building your own home; like looking at buildings or watching home renovation programmes on TV; or enjoy working with your hands, then this is the course for you.

On the course students gain practical skills and knowledge in architectural drawing, building construction and technology, as well as model making and 3D printing. It will also help to prepare students with a portfolio for entry to third level courses, for a job or for entry to an apprenticeship.

CORE MODULES LEVEL 5:

- Communications
- Drawing
- Architectural Drawing
- Safety & Health at Work
- Word Processing
- Work Experience
- Computer Aided Draughting (2D)
- Design Skills
- Desktop Publishing

PROGRESSION PATHS FROM **COMPUTER AIDED DESIGN & 3D PRINTING**

FURTHER EDUCATION:

DFEI/BIFE/Pearse College: Advanced Cert in Architectural Technology – L6, Furniture Design & Making, Renewable Energy & Sustainable Construction.

HIGHER EDUCATION:

TU Dublin Bachelor of Architecture

IADT BA in 3D Design, Modelmaking & Digital Art.

UCD BSc in Architecture, BSc in Landscape Architecture.

TU Dublin – Bachelor of Architecture, BSc in Architectural Technology, BSc in Construction Management.

APPRENTICESHIPS:

Apprenticeships and trade programmes through SOLAS, ETB's and companies such as ESB, Irish Rail, etc. in areas such as:

- Construction
- Electrical
- Engineering

Horticulture

CERTIFICATION:

QQI Level 4 Horticulture (4M1994)

COURSE OVERVIEW

Duration: Two years.

This course combines practical and theoretical learning to provide students with a comprehensive set of horticultural skills to get a job in plant nurseries, garden centres, landscape companies, golf clubs, parks and a range of related areas.

These skills are complemented by general skills such as work experience in a horticultural environment, to give participants an opportunity to apply learning in a real work setting.

Students, working at their own pace and using their own learning style, choose eight QQI modules leading to a QQI Level 4 Major Award in Horticulture. This is recognised both nationally and internationally and helps students progress to employment or further training. Certification is achieved by continuous assessment through practical assignments and projects. Students learn through the medium of group classes, practical demonstrations, individual practice and assignments. Each student can avail of a wide range of supports throughout the course.

CORE MODULES:

- | | |
|--|-----------------------------------|
| • Establishing Ornamental Flowering Plants | • Establishing Trees & Shrubs |
| • Establishing Turfgrass | • Growing Fruit |
| • Growing Vegetables | • Hard Landscape Construction |
| • Horticultural Science | • Horticultural Tools & Equipment |
| • Safe Horticultural Practice | • Work Experience |
| • Plant Identification Care & Maintenance | • Plant Propagation |

Pathways to Apprenticeship

PROGRESSION PATHS FROM HORTICULTURE

FURTHER EDUCATION:

Botanic Gardens: L5 & L6 Cert in Horticulture.

Pearse College: L5 Cert in Horticulture.

Kildalton: L5 cert in Forestry or Agriculture.

HIGHER EDUCATION:

WIT: BSc in Horticulture.

TU Dublin: Honours Degree in Hort.

APPRENTICESHIPS:

- Applied Horticulture
- Sports Turf management
- Arboriculture

“

This is a great course for you if you like the outdoors, working with your hands, machinery, being busy, team work, autonomy and learning by doing”.

David Shortall | Horticulture Instructor
Roslyn College, Park House Campus

CERTIFICATION:

QQI Level 4 Pathways to Apprenticeship (4M2010)

COURSE OVERVIEW

Duration: Two years.

This course has been designed to enable students to develop knowledge and practical skills in building construction and technology. The course helps students gain qualifications to begin an apprenticeship in construction or related trades, for progression to employment or further education.

CORE MODULES LEVEL 4:

- Communications
- Functional Mathematics
- Information Technology Skills
- Personal Effectiveness
- Work Experience
- Teamworking
- Workplace Safety
- Technical Drawing
- Drawing
- Mathematics

OTHER TRAINING

- Safe Pass and | Manual Handling
- ECDL CAD certificate | Autodesk certification

APPRENTICESHIPS IN:

- Construction
- Electrical
- Engineering
- Trades Programmes in SOLAS, ETB's and companies such as the ESB, Irish Rail and Designer Group

“

Brilliant, brilliant, genius idea, I'd have loved to do this when I left school. It fits really well with Horticulture and Agriculture the exposure it will provide to tools and equipment will make graduates very employable”.

David Shortall | Horticulture Instructor
Roslyn College, Park House Campus

“

Roslyn College's "Pathway to Apprenticeship" is the only level 4 pre-apprenticeship programme currently available. It meets the growing demand for more practical courses and the shortage of skilled labour in the Construction Industry”.

Alison Gapert | Head of Department

Retail Skills

CERTIFICATION:

QQI Level 4 Retail Skills (4M1998)

COURSE OVERVIEW

Duration: Two years.

This is a retail course which runs for two years. It includes barista and cash register training within the college while also studying QQI Level 4 modules.

Students will also work with their tutor in gaining work experience outside of the college throughout the course.

CORE MODULES:

- Communications
- Information Technology Skills
- Team Working
- Stock Control
- Retail Payments Procedures
- Workplace Safety
- Work Experience
- Customer Service
- Retail Sales
- Personal Effectiveness

PROGRESSION PATHS FROM RETAIL SKILLS

FURTHER EDUCATION:

Sallynoggin College of Further Education, BFEI, BCCE & BIFE.

HIGHER EDUCATION:

Trinity College, TU Dublin & Dundalk Institute of Technology:

Access programmes.

OTHER:

Employment progression includes Tesco, SuperValu & Dunnes working in coffee shops, canteens or with catering companies or in warehousing or storage facilities.

Wellness Foundation

COURSE OVERVIEW

Duration: One year part time or full time course

Wellness Foundation offers people a chance to recover from difficulties, feel better about themselves and improve the overall quality of their life.

Students can become more self-aware and find out about their own learning style.

They may then prepare to move on, either to another course in Roslyn Park College or to another opportunity.

ACTIVITIES INCLUDE:

- Exploring wellness & recovery through open dialogue
- Learning journey
- Recovery education
- Mindful and compassion focused approaches
- Confidence building
- Interpersonal connection
- Community links
- Wellness recovery action plan (WRAP)
- Befriending the nervous system
- Physical and emotional wellbeing
- Creativity and the Arts
- Sampling other courses in the College
