Part 1

Activities Permitted

Galway County Council in pursuance of the powers conferred on it by the Waste Management (Facility Permit and Registration) Regulations 2007 as amended and the Waste Management Act 1996 as amended, hereby **grants** a Certificate of Registration, **Certificate of Registration No. COR-G-24-0001-01**, under article 38(5) of the Regulations, to **Rehab Enterprises Ltd., t/a Rehab Recycle Galway**, with an address at Parkmore Business Park West, Ballybrit, Galway, to carry out on lands at Parkmore Business Park West, Ballybrit, Galway, the waste activity listed below subject to the conditions and schedules set out in the Certificate of Registration.

Permitted Recovery activity in accordance with the Fourth Schedule of the Waste Management Act 1996 as amended.

R13	Storage of waste pending any of the operations numbered R1 to R12 (excluding temporary storage (being preliminary storage according to the definition of ‘collection’ in Section 5(1), pending collection, on the site where the waste is produced).
------------	---

Interpretation

All terms in this permit should be interpreted in accordance with the definitions in the Waste Management Act 1996 as amended (the Act), and its associated enabled instruments.

Part 2

CONDITION 1: SCOPE

- 1.1 This certificate of registration is granted to Rehab Enterprises Ltd., t/a Rehab Recycle Galway, Parkmore Business Park West, Ballybrit, Galway, for the purpose of authorisation, under the Waste Management (Facility Permit and Registration) Regulations 2007 (S.I. No. 821 of 2007) as amended, for the waste activities listed and limited in Part 1: Activities Permitted. **The certificate of registration holder is legally responsible for all aspects of the operations and maintenance of this facility and nothing in this certificate of registration shall be construed as negating the certificate of registration holder's statutory obligations, or requirements under any other enactments or regulations.**
- 1.2 This certificate of registration shall be valid for a period of not more than 5 years, commencing from the date of grant of this certificate of registration save when Galway County Council at its sole discretion suspends, alters or revokes the certificate.
- 1.3 Should the certificate of registration holder wish to continue to operate after the date of expiry an application to review the certificate of registration shall be made to Galway County Council in accordance with Article 38(2) of the regulations prior to the expiration of the Certificate of Registration.
- 1.4 For the purposes of this certificate of registration, the area authorised is the area outlined in red on the drawing attached in Appendix 2, which was submitted with the certificate of registration application on the 1st July 2024, and as specified in *Schedule C: "Extent of Certificate of Registration Boundary"* of this Certificate of Registration. Any reference in this certificate of registration to "facility" shall mean such lands. The authorised activity shall be carried out only within the facility.
- 1.5 The certificate of registration holder shall be responsible for ensuring that the facility is managed, operated and maintained in strict accordance with the conditions as set down in this certificate of registration.
- 1.6 Any non-compliance with the conditions of this certificate of registration is an offence under the Waste Management (Facility Permit and Registration) Regulations 2007 (S.I. No. 821 of 2007) as amended.

- 1.7 Where Galway County Council considers that a non-compliance with the conditions of this certificate of registration has occurred, it may serve a notice on the certificate of registration holder specifying:
- (a) that only those waste specified in the notice are to be accepted at the facility
 - (b) that the certificate of registration holder shall undertake the works stipulated in the notice, and/or otherwise comply with the requirements of the notice as set down therein, within a timescale contained in the notice
 - (c) that the certificate of registration holder shall carry out any other requirements specified in the notice.
- 1.8 When the notice has been complied with, the certificate of registration holder shall provide written confirmation to the Galway County Council that the requirements of the notice have been carried out. No waste, other than that, which is stipulated in the notice, shall be accepted at the facility until written confirmation is received from Galway County Council that the notice is withdrawn.
- 1.9 The certificate of registration holder shall notify Galway County Council in writing of any proposed changes in the information furnished in the application process and shall obtain written approval from Galway County Council prior to these changes occurring/taking effect.
- 1.10 Any proposed changes in the authorised waste activities, as listed in Part 1: Activities Permitted shall be submitted in writing to Galway County Council for agreement prior to that change taking effect. Should the submission identify a material or significant change in;
- (a) The nature, extent or focus of the waste activity, or,
 - (b) The nature or extent of any emission,

A certificate of registration review application may be required before the proposed change can be assessed.

Reason: To clarify the scope of this certificate of registration

CONDITION 2: MANAGEMENT OF THE ACTIVITY

- 2.1 The certificate of registration holder shall be responsible for ensuring that the waste activities shall be controlled, operated and maintained in strict accordance with the terms of the application as modified and/or controlled by the limitations and conditions attached to the permit.
- 2.2 The certificate of registration holder shall hold and maintain a copy of this certificate of registration at the site or at main site office for inspection at all reasonable times.
- 2.3 The certificate of registration holder shall familiarise all employees and developers associated with the site of the provisions and conditions of this permit.
- 2.4 The certificate of registration holder shall ensure that a site manager shall be available on site at all times when the site is in operation.
- 2.5 The certificate of registration holder shall ensure that the site is safe and secure at all times and that no unauthorized persons can gain access to the site during the duration of the works.
- 2.6 The certificate of registration holder shall maintain the general area of the site in a clean and tidy state.
- 2.7 The certificate of registration holder shall ensure that all hauliers transporting material to the site holds a valid Waste Collection Permit issued by the National Waste Collection Permit Office, Offaly County Council. The certificate of registration holder should request a copy of these haulier's collection permits and keep a copy of these on site or at their main site office for inspection.

Reason: To make provision for management of activity on a planned basis having regard to matters affecting the environment

CONDITION 3: RECORD KEEPING AND REPORTING

- 3.1 Unless otherwise agreed with Galway County Council, all written communications, including reports and notifications relating to the facility, shall be submitted to Galway County Council as follows:

Title:	Environmental Enforcement Officer Environment Section
Address:	Galway County Council Centerpoint Liosbaun Industrial Estate Tuam Road Galway
Telephone	091 509510 (normal working hours)
Fax	091 769590

- 3.2 The certificate of registration holder shall ensure that a copy of the certificate of registration, including any revisions or amendments, is retained on site or at main site office.
- 3.3 The certificate of registration holder shall maintain records of the material, which has been sent for onward processing/recycling (in kg's or tonnes), including the source of these materials and shall maintain these records on site. If the records cannot be maintained on site the certificate of registration holder must agree a suitable location, in writing, with Galway County Council. The records should be made available to Galway County Council staff at all reasonable times.
- 3.4 The certificate of registration holder must obtain prior written agreement from Galway County Council before making an alteration or reconstruction in respect of the activity that materially changes the range of processes carried out making a change in site management and control that has adverse environmental significance.
- 3.5 The certificate of registration holder must notify Galway County Council within 7 days of: the imposition of any requirement on that person by order under section 57 or

58 of the Waste Management Act 1996, any conviction of that person for an offence prescribed under section 34(5) or 40(7) of the Waste Management Act 1996.

- 3.6 The certificate of registration holder shall submit to Galway County Council an Annual Environmental Report (AER) for waste activity in the preceding calendar year by no later than 28th February each year. The AER shall include at a minimum the information specified in *Schedule B: Contents of the Annual Environmental Report*, of this certificate. The AER should be submitted by hard copy to the designated person mentioned in condition 3.1 above and by electronic copy to wastepermits@galwaycoco.ie

Reason: To provide for the keeping of proper records

CONDITION 4: FACILITY INFRASTRUCTURE

Roads and Surfaces

- 4.1 The certificate of registration holder shall ensure that adequate site roads and surfaces are provided and maintained to ensure the safe and nuisance-free movement of vehicles within the facility.
- 4.2 The certificate of registration holder shall ensure that there is no queueing of vehicles on the public road while trying to access the site.

Reason: To provide for appropriate infrastructure of the facility to ensure protection of the environment

CONDITION 5: FACILITY OPERATIONS

Permitted Wastes

- 5.1 The certificate of registration holder shall ensure that only those wastes listed in *Schedule A: Waste Acceptance* are accepted at the facility, unless otherwise agreed in writing with Galway County Council. The listing is by Waste Classification – List of Waste & Determining if Waste is Hazardous or Non-hazardous code(s) and descriptions pursuant to Commission Decision of the 18th December 2014 amending Decision 2000/532/EC on the list of waste pursuant to Directive 2008/98/EC of the European Parliament and of the Council (2014/995/EEC).

Waste Acceptance and Handling

- 5.2 All waste arriving at the facility will be visually inspected on entry and documentation relating to that waste checked.
- 5.3 Any waste stream not classified in Schedule A of this certificate of registration which enters the facility shall be immediately stored at a quarantined area. This quarantined material will then be removed to an authorised licensed facility within 5 working days. The temporary storage of such waste shall be in a designated waste quarantine area.
- 5.4 Waste shall only be accepted and/or handled at the facility between the hours of **8.30am to 5.00pm Monday to Thursday and 8.30am to 3.00 on Friday**. No waste is permitted to be accepted at the facility on Saturday's, Sunday's, Bank or public holidays. Deviation from these times will only be allowed in exceptional circumstances where prior written approval has been given by the Environment Section.

Reason: To provide for appropriate operations of the facility to ensure protection of the environment

CONDITION 6: ENVIRONMENTAL PROTECTION AND EMISSIONS

- 6.1 No environmental emissions are allowed from the facility. No specific environmental monitoring is required, however if complaints arise you may be directed by Galway County Council to carry out same.
- 6.2 The certificate of registration holder shall take preventative measures to ensure that the activity does not result in unreasonable noise, dust, grit and other nuisances, which would result in the impairment of, or significant interference with, the amenities or the environment beyond the facility boundary.
- 6.3 **Air Quality**
The certificate of registration holder shall ensure that all operations are carried out in a manner such that air emissions including dust do not cause any significant impairment of amenities outside the site.
- 6.4 **Noise**
The certificate of registration holder shall ensure that all operations are carried out in a manner such that noise levels do not cause any significant impairment of amenities outside the site. Should any issues arise or nuisance complaints be received then further noise assessment may be required.
- 6.5 The certificate of registration holder shall establish an emergency operating plan to deal with any incidents or accidents that may give rise to pollution of the environment. This will include means of containment and clean-up in the event of an accidental spillage of hydrocarbons or other pollutants (including spill kits and/or soakage pads)

Reason: To prevent nuisances and other environmental impacts

CONDITION 7: MONITORING

- 7.1 Authorised officer/s of Galway County Council shall have unrestricted access to the facility at all reasonable times, for the purpose of carrying out their functions under the Waste Management Act 1996 as amended, including such inspection, monitoring and investigations as are deemed necessary by Galway County Council.

Reason: To provide a satisfactory system of inspection and monitoring

CONDITION 8: CHARGES AND FINANCIAL PROVISIONS

- 8.1 The certificate of registration holder shall affect and maintain a public liability insurance policy to insure against any liability to pay any damages or costs on account of damage, loss or injury which may occur to any property or person arising from the activity concerned or for remedial actions following anticipated events (including closure) or accidents/incidents as may be associated with the carrying on of the activity. Such insurance shall be for an amount which is at least equal to €6.5m and shall be put in place to the satisfaction of Galway County Council before the activity commences and shall be maintained thereafter on an ongoing basis.
- 8.2 The certificate of registration holder shall pay to Galway County Council an annual contribution of €360. The first payment must be made within 8 weeks of issue of this certificate of registration. The contribution will be used towards the cost of monitoring and or inspections as the Galway County Council considers necessary for the performance of its duties under the Waste Management Act 1996 as amended.
- 8.3 In the event of any additional resources being used by officials of Galway County Council, (i.e. additional sampling, auditing or inspections) due to an incident/accident at the facility, the permit holder shall cover these costs. The amount of these costs shall be notified to the permit holder and payment shall be made of these costs within one month of such notification.

Reason: To provide for adequate financing for monitoring and measures to protect the environment

SCHEDULE A: WASTE ACCEPTANCE

Waste Classification – List of Waste & Determining if Waste is Hazardous or Non-hazardous code(s)

12 01 03 Non-ferrous metal filings and turnings

No other waste types are permitted to be accepted at this facility unless in accordance with prior written approval from Galway County Council. The permit holder shall ensure that adequate steps are taken to prevent acceptance of any other waste types at the facility.

SCHEDULE B: CONTENT OF THE ANNUAL ENVIRONMENTAL REPORT

1. Reporting period.
2. Waste activities carried out at the facility
3. Quantity, in kg's or tonnes and composition of the waste received and disposed of during the reporting period and each previous year (relevant List of Waste codes to be used).
4. Quantity, in kg's or tonnes and composition of waste rejected at the facility and details of where the waste was sent too.
5. Summary report of emissions.
6. Reported incidents and complaints summaries.
7. Review of nuisance controls.
8. Any court order or conviction under the Act.
9. Management and staffing structure of the facility.
10. The permit holder shall include a written summary report of the compliance with all the conditions attached to the waste facility permit.

SCHEDULE C: EXTENT OF CERTIFICATE OF REGISTRATION BOUNDARY

Site Boundary outlined in Red
